Pumps / Short-reach lotion pump

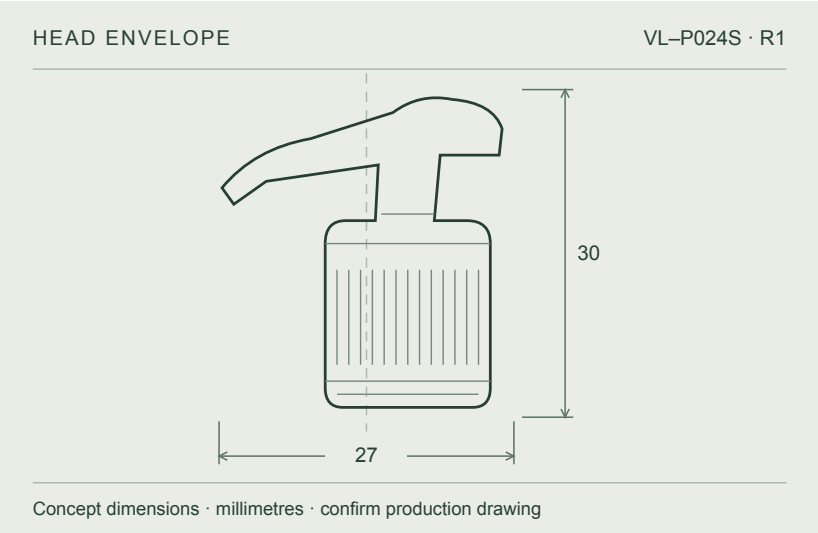

Arc 24 Short

VL–P024S

A compact actuator keeps the outlet close to the collar. Compare its lateral reach against the standard Arc head.

Concept render · reference view

Nominal reference · mm

Reference specifications

Application	Lotions and emulsions
Neck finish	24/410
Construction	PP engine · metal overshell
Head envelope	27 × 30 mm
Actuator	Short reach
Dip tube	Cut to vessel depth

Colour studies	● Graphite ● Silver ● Emerald ● Porcelain
Finish options	Satin / Polished / Matte
Pairing study	Column 100 / Column 60 / Forma 150 / Forma 200

Confirm on physical sample

Confirm dose, lock type, priming and dip-tube length with the intended fill.

Design reference. Production dimensions and tolerances require a supplier-approved drawing.
