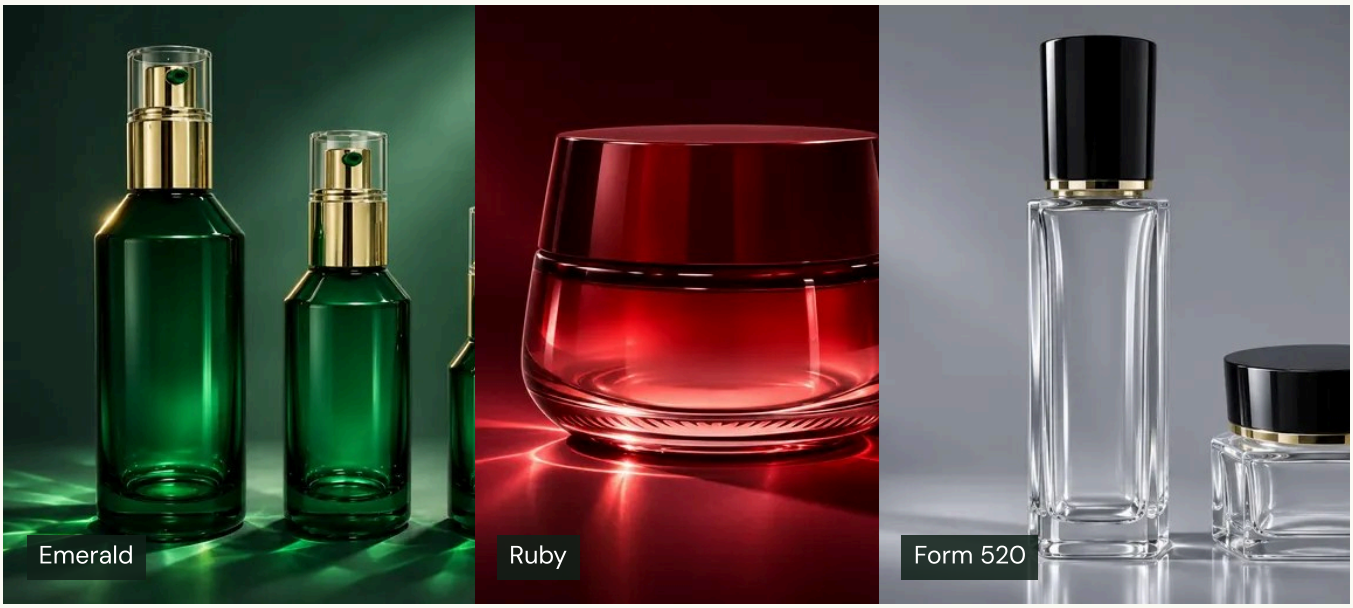
HANZIVA

Sample review workbook.



AI studio studies, based on the supplied series photographs.

Bring a selected size, its matching components and a colour reference to the review table. Each series has two points to inspect and space to record what you find.

Buyer / reviewer

Supplier sample or lot ID

Emerald.

Faceted pump bottles

Supplier photograph

AI studio study

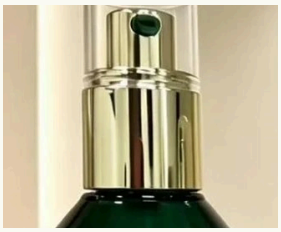
Size under review

☐ 100 mL ☐ 50 mL ☐ 30 mL

Cut shoulder

Please supply the selected bottle size and a side-lit photograph so we can check the shoulder profile and green tint.

Finding



Pump collar

Please supply the pump and overcap with the selected bottle so we can check collar colour, fit and actuator travel.

Finding

Review outcome

☐ Matches sample brief ☐ Request revision ☐ Await information

Changes for the next sample

Ruby.

Gradient cream jar

Supplier photograph

AI studio study

Size under review

☐ 30 g ☐ 50 g · Size to confirm

Clear foot

Please photograph the lower edge of the selected jar on a white surface so we can approve the colour fade and clear foot.

Finding

Lid seam

Please include the matching lid with the selected jar and confirm the closure and liner arrangement on the sample.

Form 520.

Square bottles and jars

Supplier photograph

AI studio study

Size under review

☐ 120 mL ☐ 100 mL ☐ 40 mL ☐ 30 g ☐ 50 g

Collar ring

Please provide a close photograph of the cap and gold-coloured ring on the selected 520 pack so we can review the finish and alignment.

Finding

Jar corner

Please include a jar from the 520 series or a close sample photograph so we can review the lower corners alongside the selected size.
