Grid-base bottle and jar series

HZ-GB-050G / 50 g

Open source photo

Sample photograph provided by the client

Photograph of this series. Match the selected option against a physical sample.

A grid pattern is visible through the clear base. The photograph shows gold-coloured lids and two pumps with transparent covers.

Selection reference	HZ-GB-050G
Requested option	50 g
Measurement basis	Listed jar size in grams. Actual fill depends on formula density and headspace.

To confirm with the supplier

- Request the jar and lid drawing with opening diameter, thread, tolerances and liner details.
- Confirm the stated fill weight with the intended formula, headspace and a filled closure test.

When requesting a quotation

Specify quantity by size, finish, preferred currency, delivery rule and named place. Ask for MOQ, sample and tooling fees, carton details and lead time.
