# White cap and metallic band set

HZ-F11-030G / 30 g

Open source photo

**Product photograph from the supplied specification list**

Series reference photo. Match the selected configuration to a sample.

| | |
|---|---|
| Selection reference | HZ-F11-030G |
| Requested option | 30 g |
| Measurement basis | Listed jar size in grams. Actual fill depends on formula density and headspace. |
| Listed fitting | Pull-tab liner |

## To confirm with the supplier

- Request the jar and lid drawing with opening diameter, thread, tolerances and liner details.
- Confirm the stated fill weight with the intended formula, headspace and a filled closure test.

## When requesting a quotation

Specify quantity by size, finish, preferred currency, delivery rule and named place. Ask for MOQ, sample and tooling fees, carton details and lead time.
